**Please Consider****Become a Net Control Operator**

One of the purposes of this net is to help others learn how to be a net control.  
You don't have to feel self-conscious, because if you stumble, we'll be there to help!  
If you are interested in learning how to run this net, please let us know. We need additional new net control operators. No experience is necessary, we will train you on the Thursday night net.

We can also assist with callsign logging for your first few nets. Gaining radio experience by running a net will give you more confidence using the radio during an emergency, allow you to assist at the EOC during Storm Ops and will make you a better radio communicator.
