Net Items Discussed (or Included here from previous Nets)**More Club News / Updates*****Piglets Membership*****Piglets Radio Club - 2026 Membership Drive:**

In the process of looking back at our membership data, we have noticed several folks that joined the club in the past, and have not been heard from recently. So, if life got in the way of your radio activities, but you still have an interest in being a piglet member in good standing, all you need to do is pay your \$25 club dues for 2026. *No "Catch-Up Payments" of past years club dues will be required.*

This will make you an "Active" member again, and will afford you some **"Piglet Privileges"**.
Such as:

- 1.) Privileges on the Piglets "Discord" channel.
- 2.) Your Photo on the web as a Piglets Club member
- 3.) The ability to vote on new members and to help decide on upcoming club activities.
- 4.) The opportunity to **volunteer & assist** (and therefore get in early and free) at the annual Dayton Hamvention in Xenia Ohio.

So, please consider joining us, which helps to support our radio activities, and other fun endeavors!

Or, Email Dan - WD9DAN@PigletRadio.org - and let him know that you want to Cancel your membership (to prevent future emails stating that your dues are due soon)!

One of the purposes of this net is to help others learn how to be a net control.

And, we want and need new Net Control Operators!

You don't have to feel self-conscious, because if you stumble, we'll be there to help!

If you are interested in learning how to run this net, please let us know. We need additional new net control operators. No experience is necessary, we will train you on the this net.

We can also assist with callsign logging for your first few nets. Gaining radio experience by running a net will give you more confidence using the radio during an emergency, allow you to assist at the EOC during Storm Ops and will make you a better radio communicator.
