Net Report Details

About This Net - -

This net meets every Thursday at 8:00 PM using the Hortonville UHF Repeater. You do not need to be a member of any specific club or group to participate in this net. Amateur radio operators from any location are welcome to Check-In and participate in any and all net discussions.

This net is geared *slightly* towards newer HAMs, and one of it's primary purposes is to help newcomers by presenting information in the form of discussion topics, and to attempt to answer questions. This is **one reason why** it's called the **"Who Knows What"** net. Please Join in, and find out "Who Knows What!"

One of the purposes of this net is to help others learn how to be a net control.

And, we REALLY Want and Need new Net Control Operators!

You don't have to feel self-conscious, because if you stumble, we'll be there to help!

If you are interested in learning how to run this net, please let us know. We need additional new net control operators. No experience is necessary, we will train you on the this net.

We can also assist with callsign logging for your first few nets. Gaining radio experience by running a net will give you more confidence using the radio during an emergency, allow you to assist at the EOC during Storm Ops and will make you a better radio communicator.

Email John, w9kd@aol.com, Alex, ac9xk@pigletradio.org or Mike, KD9BKU@Gmail.com.
